## BAPTIST FEMALE COLLEGE

In the last issue of our live daily papers appeared an article addressed to the business men of Bryan relative to the location of The Texas Woman's Baptist College at Bryan, by F. M. Law, Jr., which we endorse in toto. He shows the importance of the school and the great opportunity that will present itself in a few days to the people to secure it. Now, there are two questions that present themselves when this matter comes up for consideration. First, the financial feature, and second, the educational feature; but for lack of space we will only mention the financial side at this time.

As most of us are inclined to consider the financial questions of most importance, let us take an inventory of Bryan's assets in this regard and put a value on them if we can. We do not undertake to be precise as to figures, but seek conservatism in our estimates and to be within rather than over bounds.

The A. and M. College receives from three sources, state, federal and Hatch funds, two hundred thousand dollars every two years, and has an annual enrollment of 400 students. These students spend on an average thirty-five dollars per month, including board, tuition, incidentals, etc., making in round figures \$14,000 per month; for nine months, \$126,000, and for two years, \$252,000 spent by the students. Now, this leaves out all the families, the help, the products of the farm, besides the profits from the animals, improvements, the material of which is mainly furnished by Bryan, making approximately in round numbers \$500,000 spent every two years by the college, its professors, students and hired help. Now this leaves out the visitors who come and spend money with us, the farmers' congress and the prestige and good name Bryan gets abroad by reason of its being the location of said institution.

Take Allen Academy, only about four years old, with an average attendance of 100 students which, according to the statement of Prof. J. H. Allen, said that his boys spend on an average of \$35 per month, including board, tuition, etc., making a monthly expense account of \$3500, or the sum of \$31,500 for the entire session. All of this money is spent right here in Bryan. This school cost the people of Bryan almost nothing to secure it, yet it has grown and developed so rapidly that we look at it in amazement. Besides enhancing the value of real estate in that part of Bryan at least double, there has been and is now being spent at least \$20,000 in permanent improvements. This school will have not less than 150 students next session. The Ursuline Convent has made an investment of \$65,000, one of the most beautiful of its kind in the state, and has about fifty students whom we suppose spend at least as much per pupil as the other schools. This school spends not less than \$2000 per month in Bryan for running expenses, or \$18,000 per annum, with every prospect of an increase in patronage next session. And last but by no means least, the A. and C. Institute with a small beginning, and with rather a small denominational following, is developing strength and energy every day, and will begin next session with at least fifty boarding students, besides local patronage. This school will carry about the same expense account per capita as the others. Our graded school with 500 pupils stands among the best in the state. The parents of many of these pupils have been induced to move to Bryan and locate with us for the purpose of educating their children.

The proposed Baptist College expects to start with at least 100 young ladies. This school will have the backing and patronage of the great Baptist denomina-

tion of Texas, and within less than five years we expect to have not less than 300 girls in the school. This school, if located in Bryan, will be among us, and every dollar paid will be a benefit to the town.

Now to estimate accurately in dollars and cents how much all of this will be worth no man can say, but the opportunity is offered Bryan to do a great thing, and to secure this school if she wants it. The only true estimate that we can make is by comparison with some of our near sister cities. It is a common saying that Bryan is the best town between Houston and Corsicana and some say between Houston and Dallas. How can this be when towns so near us have as much trade territory as we have and are not prospering? There is but one answer—our schools.

Bryan is losing territory and it behooves us to bestir ourselves and make up for the trade territory we have lost, and will lose in the near future. Within a few months the Trinity and Brazos Valley railroad will run just across the Navasota river east of us. It seems to us that the only way Bryan can overcome these difficulties is to develop our own resources, hence we cite the schools mentioned above as we are presumed to know from whence we get our benefits.

This Baptist College will build up our town and hurt no one, but every one will derive either directly or indirectly a benefit from it. With the spirit of harmony and good will expressed at a former meeting of our citizens, we have every reason to believe that together we can make this a grand success. Our schools can all be mutually helped. There is no reason for antagonism. There is enough territory and material within the 100 miles or more territory surrounding us to fill every school full to overflowing.

We will close with this: Compare Sherman, called the "Athens of Texas", Belton, the home of Baylor Female College, that great Baptist mother institution that has done more good for Texas than any other fact for good in the state, and last that queen city of the Brazos, Waco, which you cannot disassociate from the name of Baylor University, with other places not so well favored with schools. What would Austin be without her State University? What will Bryan be if she neglects her great opportunity presented at this time to secure this great Baptist Female College. This college will complete Bryan's curriculum for the education of boys and girls, the young men and the young women of Texas. They need go no further. Bryan can furnish all that will be needed along educational lines.

Geo. B. Butler.  
T. R. Batte.

### INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

I am agent at Bryan for the  
Oliver Typewriter, the only stan-  
dard visible writing machine.

## THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - - Per Month, 40c

FRIDAY, JUNE 23.

COME DOWN WITH THE BONUS.

The Eagle feels impressed with the importance of again calling attention to the effort to secure for Bryan the great Baptist Female College, and to an article in this issue from Rev. Geo. B. Butler and Mr. T. R. Batte, ably setting forth the salient features of the great enterprise and the necessity for quick and decisive action to secure it. The arguments in favor of the movement are so generally understood and thoroughly endorsed that we do not believe there is a person in Bryan or Brazos county who does not earnestly hope to see the school established and in operation by next fall. There is no lack of sentiment; but sentiment alone will not secure it. Bryan will have to come down with a liberal donation, and in doing so will make one of the best investments that could possibly be made to further strengthen and build up herself financially, socially, morally and religiously. The committee will go out today for the work of securing the bonus, and The Eagle takes this last opportunity to urge upon everyone the necessity for subscribing to the fund as liberally as possible in order to insure success. When the educational rally meets here next Tuesday and Wednesday the Eagle hopes that every dollar of the amount asked for will be raised. It can be done if each

person does his part. Will you do it?

The proposition resolves itself into the simple statement that the committee will be out today to ask the citizens of Bryan to subscribe \$10,000 to be paid only upon the positive condition that the Baptists will raise outside of Bryan during the same time the sum of \$40,000. Payments are to be made in one two and three years.

## THE MARKETS.

Kansas City Cattle and Hogs.

Special to the Bryan Eagle.

Kansas City, Mo., June 19.—Quarantine market gained 10 to 20 cents last week, closing the week in good shape with a strong sale on Saturday of a train of Southern Texas steers, 922 lbs., at \$3.40. Supply today is only half as large as on last Monday, market strong to 10 higher. Nothing very good is here today, a great deal of mixed stuff requiring lots of peddling. Each year receipts from Indian Territory and Oklahoma below the quarantine line take on more of the characteristics of the supply from the farm country of Kansas and Missouri. The small shipper and the promiscuous sorting indicate the rapid growth and development of the farms in place of the ranches a few years ago. The top steers today sold at \$4.55, medium and light grass steers bring \$3.25 to \$3.65, grass cows \$2.25 to \$2.80, veal calves \$5.00 to \$5.50. Hardly any bulls are being received. Moderate quarantine receipts are being expected for a couple of weeks yet and market will probably rule a little better during that time.

Liberal receipts of hogs have failed to hurt prices much. Last week closed with prices in the same notch with the close of previous week, although the market sagged a little middle of the week. Prices today are weak to 5 cents lower, top \$5.32 1/2 for lights, medium and heavy hogs a shade under that, but all weights continue selling within a nickle range, and full range of sales not over a dime most of the time. Demand is first class and the market active.

Fine barbecued meats of all kinds in any quantity at W. W. Mike's barbecue pit on Bryan street. 169

## POLICEMAN STABBED.

Two Men Ordered Him to Give Up His Pistol, and He Refused.

Laredo, June 22.—While Policeman Bravo was pursuing a burglar he was suddenly pounced upon by two men and ordered to give up his pistol, but, on refusing to do so, he was stabbed in the stomach, which caused him to give up the pistol. The man he was pursuing has been arrested, but there is no clew to the identity of the two men who seized and stabbed the policeman.

## GETS LIFE SENTENCE.

Charles Hottle Was Found Guilty of Murder in First Degree.

Houston, June 22.—Charles Hottle, charged with the murder of J. I. Carter, was found guilty of murder in the first degree and the penalty assessed at a life term in the penitentiary. Hottle and Carter were both ex-convicts and the murder was committed on April 17 near Cross Timbers, five miles from this city and on the prairie.

## FARM EXHIBITS TRAIN.

Louisiana Parishes Are Working Hard to Be Represented.

Shreveport, June 22.—The parishes of north Louisiana are making vigorous efforts to be enrolled on the list of those in the exhibit that will be shown on the farm exhibits train that will be sent on its long trip out of the state early in the fall under the auspices of the Shreveport Progressive league.

Bossier, Lincoln and Union parishes are vying with each other in securing the necessary appropriations from their respective police juries. Truck growers and fruit raisers are particularly desirous of seeing their parishes represented, and in this particular it is expected that the showing will be very fine.

## Struck by Lightning.

Jennings, La., June 22.—George Spencer's house was struck by lightning and the chimney removed, the windows torn out, plaster torn from the walls and several rooms completely wrecked. The family had a narrow escape. Several other residences were struck, but no great damage done. The local electric company was kept busy placing fuses that had been blown out.

## SIRE AND SON DROWN.

They Attempted to Ford Blue River, and Both Perished.

Ardmore, June 22.—News of the tragic drowning of Ed Henson and son in the Blue river, reached Ardmore. It seems that Henson attempted to ford the river and was swept away by the current. The bodies were recovered. The team was found the next day lodged in a barb wire fence several miles away. Henderson was a prosperous farmer, and resided near Roff.

## GET MUCH BOOTY.

Man Knocked Down and Over Three Thousand Dollars Taken.

Fort Worth, June 22.—Carl Adamson, a stock buyer and seller of this city, was knocked unconscious in front of the National Biscuit company building near the Texas and Pacific depot and robbed of \$3100 in cash and a watch and chain. He says that two negroes committed the deed. After accomplishing their purposes the negroes made away. Adamson moved here about seven months ago from Roswell, N. M., where he was in the sheep business. He was a man of means and is well known both in Texas and New Mexico by cattlemen.

According to the statement made by Adamson, he left his residence and was en route to the Texas and Pacific depot, where he intended to take a train for Hillsboro. At Hillsboro he was to meet a draft for a herd of cattle. He says that he heard the negroes behind him and just as he turned around one of them struck him over the head. He then fell to the ground and did not know anything more until after being placed in the police patrol while en route to the police station, where medical attention was provided. He had been clubbed.

When found, he was lying in the street in an unconscious condition. Every pocket was turned wrong side out, which indicates that the negroes made a thorough search.

## ADAMSON ARRESTED.

Warrant Charges Him With the Theft of Some Cattle.

Fort Worth, June 22.—Carl Adamson was jailed at noon Thursday on a warrant charging theft of cattle. Adamson is the man who reported to the police that he had been sandbagged and robbed of \$3100 by two negroes near the Texas and Pacific passenger station Wednesday night. D. C. Pratt of Ranger, who has reached here, reported that he had been duped by parties who gave him a worthless check in payment for 147 head of cattle. These cattle were sold on the market here Monday. It is alleged, by Adamson. The affair caused considerable of a sensation. Prominent people are said to be mixed up in the alleged transaction.

## LARGE LAND DEAL.

Houston Parties Dispose of Over Ten Thousand Acres in Leon County.

Houston, June 22.—The deal has been practically consummated whereby Mr. and Mrs. H. R. Akin of Houston sell to a Missouri syndicate a tract of land in Leon county amounting to 10,255 acres for a consideration of \$100,000. The land is between Oakwoods and Palestine.

On the tract there is a lake three and one-half miles long and half a mile wide. This will be kept as neutral ground, and all the settlers will reserve the right to fish there, hold little picnics, etc.

The Lincoln Trust company is financing the deal, or rather guaranteeing the payment of the money.

## Articles Filed.

Austin, June 22.—Articles of incorporation of the Beaumont and Great Northern Railway company have been approved by the attorney general and filed with the state department. The proposed line is to run from Trinity, in Trinity county, in a southeasterly direction to Livingston, Polk county, a distance of thirty-seven miles. The capital stock is \$370,000.

## Baseball Player's Mistake.

Waxahachie, Tex., June 22.—News was received here from Temple that Luther Burleson of this city, a member of the Fort Worth Base Ball league team, was poisoned and is in a dangerous condition. Burleson complained of having a headache and by mistake took a table which contained poison. A doctor removed most of the poison by vomiting the patient, but he is said to be in a dangerous condition.

## CHICKASAW FUNDS.

Startling Charges Have Been Made and Investigation Under Way.

Ardmore, June 22.—The grand jury investigation now in progress here has brought to the surface sufficient information to warrant the statement that some Chickasaw officials have been wholly indifferent with reference to monies of the tribe. Many officials of the nation have been summoned before the grand jury, but as to who will be involved will not be known until District Attorney W. B. Johnson makes his statement.

There are afloat some \$60,000 in Chickasaw warrants that have already been paid by the treasury. The manner of conducting the big steal was very simple. The treasurer and auditor of the committee met as a committee once a quarter to cancel warrants that have been paid. These warrants in the sum of \$60,000 were removed from the treasury, it is alleged, after being paid and before cancellation and sold again. Some St. Louis parties are the holders of the larger share of these warrants.

## MANY PRESENT.

There is a Large Attendance at the Christian Endeavor Convention.

Austin, June 22.—At the Christian Endeavor convention Wednesday there was a large attendance. An excellent programme was carried out.

An open parliament, led by Rev. Colby in the hall of Hillsboro, brought out the fact that out of the societies represented nearly 200 persons had been brought into the church from among the associate members.

Mrs. Sloan of Livingston made a report of the prison work. Both penitentiaries have societies and Mrs. Sloan brought testimonials of the value of the work in influencing the prisoners to better conduct.

## Clothing Caught Fire.

Tishomingo, I. T., June 22.—The clothing of Fannie Cravens, a negress, caught fire and she was burned to death.

## ENCOURAGEMENT FOR BRYAN-COLLEGE RAILWAY.

Mr. J. T. Maloney brought some news of an encouraging nature for the friends and promoters of the enterprise above named, on his return from Austin yesterday. He finds, as others have found before, that there is wide-spread interest away from Bryan in the success of the proposed railway, on account of the benefit it will be to the College.

In this connection the Eagle can say that Dr. D. F. Houston says that Bryan will be called upon to take care of at least two hundred boys at the beginning of the next session of the College, if the means of travel is provided.

The Knights of Pythias have elected the following officers: W. B. Saunders, chancellor commander; Geo. A. Adams, vice-chancellor; Claude Bell, prelate; W. S. Wilson, Sr., master of work; T. A. Searcy, keeper of records and seal; Ed. S. Derden, master at arms; Jno. M. Caldwell, inner guard; E. M. Dodson, outer guard. The other officers hold over.

The long-talked-of and much desired Bryan and College railway is an assured fact. Enough stock has been subscribed to the company to warrant the beginning of preliminary work. The company's representatives will be before the business league at its next meeting to ask for co-operation.

Wanted—To rent, without board, a nice cool room with all modern conveniences at residence; convenient to business part of town. Will pay any reasonable price for suitable accommodations. Address X, care of Eagle office. 171

Miss McDonald and Miss Cora Wisner of Houston, Misses Annie Belle and Nettie Clay of Independence, pupils of Villa Maria Academy, left for their homes yesterday afternoon.

M. H. James, Jno. M. Caldwell Ben Calhoun, Jim Thomas, Meredith James and John Caldwell, Jr., returned Wednesday night from a pleasant outing on the Navasota river.

Mr. Sim Cooper has purchased a half block of ground from Lamar Bethea, adjoining the latter's home, and will build a handsome cottage thereon.

No waste, no trouble, always ready for use—Wigglestick Blueing. For sale only by Fountain & Co. 175  
Mrs. C. F. Stevens and daughter, Miss Laura Stevens, and Miss Eloise Morris, left for Liberty yesterday.

Rev. and Mrs. G. A. Foster of Montgomery are here visiting relatives.  
Dr. A. Benbow returned from Sweetwater yesterday.

Whit Doremus went to Houston yesterday afternoon.  
Mr. Rob Roberts buggy house at his father's residence burned last night also his buggy. The servants house caught fire but was extinguished.

Mr. Sam Trant of near Keith was drowned yesterday while trying to cross a creek near his residence. A more extended notice will appear later.  
A Bargain—All my summer crash suits will go from now on at greatly reduced prices. W. J. Coulter. 37

## GOOD CROPS.

Fine Corn and Wheat in Oklahoma—The Difference Paying Out and Taking In.

Weatherford, O. T., June 20.—During the past two weeks we have been trying to lay-by our corn. The corn crop is fine. We have had good rains this spring. Wheat is fairly good and we will begin to harvest in about ten days.

Mr. Eagle, I wish you would send about a car load of good cheap Texas hands up here to help us through harvest. These northern ducks won't talk to us for less than \$1.50 per day, or \$2.50 to \$3.00 for themselves and teams. These wages seem high to me this season. Last season I raised no wheat, but worked for \$3.00 a day, and I did not think I received too much wages. This year, however, I have two hundred acres of my own, and I guess this is why the wages seem so high at present.

W. I. T.

## CEYLON EXCELLED.

Togo Blend Tea the Perfection of Aroma and Flavor.

The most fragrant and delicious blend of tea ever made is being served daily during business hours at the store of E. J. Fountain & Co., who have exclusive possession of the formula in Bryan, and who obtained it in the east. This tea is exceedingly popular in Canada as well as the United States, and appeals instantly to those who appreciate the most refreshing of all beverages. The regular selling price of Togo blend is \$1.00 per pound, but in order to introduce to the trade the best article on the market Fountain & Co. will sell it for a limited time at 75 cents per pound. Ladies are especially invited to call at the store of Fountain & Co. and test the superiority of Togo Blend. 175

Judge J. W. Doremus went to Rockdale yesterday.

Miss Marie Adams returned from Taylor yesterday.

Tom Rady of Palestine is the guest of Clarence Vick.

S. H. Allphin went to San Antonio yesterday.

T. B. McCay went to Navasota yesterday.

## NINETEEN ARE DEAD.

Twentieth Century Limited, Fastest in the World, Derailed by Open Switch, and Frightful the Attendant Results.

Cleveland, O., June 22.—While traveling at the rate of seventy miles an hour the famous Twentieth Century limited, the fastest long distance train in the world, ran through an open switch at the little town of Mentor, east of Cleveland, Wednesday night causing one of the most horrible wrecks in the history of the Lake Shore road. The engine was hurled into a ditch. Part of the train crushed on top of it and the wreck was partly burned. The horrors of the wreck were redoubled in horrors of the fire. More than a score of people were killed and injured and the famous train was demolished. The train was crowded, practically all of the accommodations being taken when it left this city. It was behind time and the greatest speed was being made to make up the lost time.

Officials of the road started an informal investigation immediately on their arrival. They could not understand why or how the train would be derailed at the switch, which is provided with every known safeguard and was carefully inspected prior to the passing of the train.

It was a tragic coincidence of the wreck that it should happen close to the summer home of Horace Andrews, the president of the Cleveland Electric Railway company, and that one of the fatally injured passengers should be his lifelong friend and bosom companion, C. H. Wellman. Wellman knew that he was near the house of his friend. When he had been carried to a place of safety his first words were a feeble call for Mr. Andrews.

Bystanders learned of the wish of the supposedly dying man and a shout went up for the man he wanted to see. Mr. Andrews had hurried to the scene of the catastrophe as soon as he learned of it and he was led to the spot where Wellman lay in his agony. Kneeling by the side of the sufferer, Andrews spoke a few words of comfort.

"Come nearer," whispered Wellman. His friend leaned close to the injured man. "I'm terribly hurt, Horace. Yes, I'm dying. I'm terribly scalded and I won't live; I know that. So I want you to take this message to my wife."

Mr. Andrews leaned still closer so that the message was whispered in his ear. Doctors, nurses and bystanders unconsciously turned away for a moment while the last tender words were uttered.

After that Mr. Wellman rallied and asked after his partner, Thomas R. Morgan, who was with him on the train. He was told that Morgan still lived.

"Thank God for that," he murmured. "Oh, I hope Tom will live."

Soon after that the injured were placed aboard the relief train and hurried to Cleveland, Mr. Wellman among the rest.

The scene following the wreck was one that beggars description. The night was dark save for the light from the blazing wreck of the coach that was crushed and splintered on top of the engine. Men swarmed about it, combatting the flames with the means at hand, groping their way through the blinding, scalding steam that rose in clouds hunting for the injured, whose piteous cries were such as chilled the hearts of those who heard them. The means for fighting the flames were entirely inadequate, but the zeal of the rescuers wrought great things for the first few minutes. It was known that a number of injured were helpless in the wreck, but though the work was done with frantic haste and without regard to danger, the flames gradually drove the rescuers back and after ten minutes of awful battle the rescuers were driven away from the blazing combination coach and the imprisoned passengers were incinerated. Despite all their help the fire burned until after midnight.

According to a statement made at the headquarters of the Lake Shore railroad here, the number of dead is nineteen. The body of Al Johnson of the firm of Coney & Johnson, a millinery manufacturing company of this city, was identified. The remains were badly burned.

Among those who died at hospitals in this city were Charles H. Wellman, general manager of the Wellman-Seaver-Morgan company of Cleveland; Allen Tyler, engineer of the wrecked train; J. A. Bradley, a prominent attorney of Akron, O.; A. P. Head, representative of the Otis Steel company in London, and F. J. Bryant, a trainman of Toledo, O.

Following are some of the dead: C. H. Wellman, general manager Wellman-Seaver-Morgan Engineering company of this city.

Thomas R. Morgan of the same company, burned to death.

Archibald P. Head, London, England, prominent English steel man.

John R. Bennett, patent attorney of New York City, burned to death.

A. L. Rogers, Platte Iron company, New York, died in hospital.

H. H. Wright, traveling man of Chicago, died in hospital.

William B. Mackey, address unknown.

F. J. Brandt, Toledo, O., died in hospital.

S. C. Beckwith, New York City, advertising agent, died in hospital.

J. H. Gibson, Chicago, traveling man, died in hospital.

N. B. Walters, Hamburg, N. Y., baggage master.

Allen Tyler, engineer, Collinwood.

## BULLETIN NO 3.

Last reports state that the whole territory from Atlantic to Pacific and from Canada to Gulf of Mexico is massed with attractive homes painted with the Heath & Milligan Best Prepared Paint and this spring will see thousands added to the list.

## For Breakfast

there is nothing more toothsome than one of Chaney's porterhouse steaks. When nicely broiled and served with proper vegetables, they make a meal that even Lucullus would welcome. Our meats are selected with extreme care, and patrons can rest assured that, whether they desire beef, mutton, lamb, veal, pork or poultry, they will get not only the best, but get it fresh, juicy and of luscious flavor.

## HOW GERM DISEASES START.

People With Weak Stomachs in a Continual State of Danger.

Nearly all disease germs that find lodgment in the system gain entrance with the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with a weak stomach are in a continual state of danger, and they should use the best means, Mi-o-na, to strengthen that organ and tone up the whole digestive system. This remedy is a certain cure for all diseases of the stomach—excepting cancer. Used before each meal, it so strengthens the whole digestive system that you can eat what you want and all you want without fear of indigestion. There will be no fermentation of food and the stomach and intestines will be so clean and pure that disease germs cannot possibly live, when Mi-o-na is used.

If you suffer with headache, backache, variable appetite, nausea, gnawing at the pit of the stomach, sallow skin, heart-burn, furred tongue, sleeplessness and general debility, it shows that the stomach has been overworked and weakened. A fifty cent box of Mi-o-na tablets will give quick and speedy relief.

Ask E. J. Jenkins, one of the most reliable druggists in Bryan, to show you the strong guarantee under which he sells Mi-o-na.

## PROPOSALS.

Sealed bids will be received by Jno. M. Lawrence or H. G. Rhodes up to 12 noon, Wednesday, July 12, for 125 cords of good merchantable wood delivered to the Bryan public schools. Bids will be opened at the store of Jno. M. Lawrence & Co., in Bryan, Texas. Right reserved to reject any and all bids.

crushed under engine.

Al Johnson, Cleveland. He was badly burned.

J. A. Bartley, Akron, died in hospital. Henry Trinz, New York, barber on buffet car.

Four unidentified bodies.

Officials of the road say the Twentieth Century limited will continue to run.

D. J. Arbaugh, Milwaukee.

L. M. Elrick, manager Keith's theater, Cleveland.

Charles Lamarche, former manager Haltmorth's garden, Cleveland.

Sends out Five Million Feet of Gas Every Twenty-Four Hours.

Mansfield, O., June 22.—Expert oil and gas well drillers believe that the monster gas gusher recently struck at Butler, O., will be the greatest producer of gas in the world. The well is coming out with tremendous force, 5,000,000 feet of gas every twenty-four hours, and shows no indications of diminishing in pressure. Every farm within a radius of twenty miles has been leased by oil and gas capitalists.

## T. R. BATTE & CO.

LAW, REAL ESTATE, AND INSURANCE.

## WE OFFER FOR SALE

Three brick buildings on Main street.

Three family residences one block north of courthouse square from \$850 to \$1500.

Beautiful building lots fronting graded school. Lots in Cavitt's addition for sale cheap.

Joe B. Reed residence, an elegant home (and suitable for private boarding house and convenient to Main street.

V. B. Hudson two story residence, a good comfortable home and all modern conveniences and near graded school.

Jno. Kestler place, price \$950.

Lots and houses of all kinds and descriptions in any part of town to rent and for sale. Most of this property can be bought on time by paying one third cash.

Lots improved for parties desiring us to do so. Will sell, rent and exchange property in, most any part of the state.

We have a number of good upland and creek bottom farms that we offer at bargains.

We also have Brazos bottom lands for sale in any sized tracts desired, improved and unimproved, the richest land in the world.

We have hog and cattle ranches for sale in Brazos and Burleson counties and large cattle ranches in Western Texas and Mexico.

Loans negotiated.

We have property listed with us for sale (and exchange in most every part of Texas, both city and country property.

We buy real estate as well as sell it.

## INSURANCE.

We are prepared to insure any kind of insurable property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, gins, etc.

We can insure your life in the best companies on earth for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while Fire Insurance is a good thing, Life Insurance is more important as out of 1200 fire risks one burns, where every man who insures his life dies.

### FAVOR SEPARATION.

Sweden Will Not Seek to Keep Norway in Union.

Stockholm, June 22.—The extraordinary sessions of the riksdag summoned by King Oscar to deal with the momentous question raised by Norway's declaration dissolving the union virtually agreed to a separation from Norway. King Oscar, arrayed in royal purple, entered the hall and mounted the throne. In his speech the king opposed coercion and advised dissolution. A bill was drawn up and introduced providing for a conditional settlement of the question involved in the separation of the two countries.

KING OSCAR II. OF SWEDEN.

tually agreed to a separation from Norway. King Oscar, arrayed in royal purple, entered the hall and mounted the throne. In his speech the king opposed coercion and advised dissolution. A bill was drawn up and introduced providing for a conditional settlement of the question involved in the separation of the two countries.

### REPORT OF HENDRICKS.

Sharply Criticises Management of Equitable Life Assurance.

Albany, N. Y., June 22.—The report of Superintendent Hendricks of the state insurance department to Governor Higgins upon his investigation of the Equitable Life Assurance Society was made public here and in New York. It is described in the title as a "preliminary report," and sharply criticizes the management of the society as well as the new trust arrangement for voting the stock agreed upon by Thomas F. Ryan and the three trustees designated by him.

In conclusion Superintendent Hendricks says: "No superficial measures will correct the existing evils in this society. A cancer cannot be cured by treating the symptoms. Complete mutualization with the elimination of the stock to be paid for at prices only commensurate with its dividends is, in my opinion, the only measure of relief."

This report, with a copy of the evidence taken in this investigation, will be transmitted to the attorney general for such action thereon as he may deem proper.

### JEROME INVESTIGATES.

District Attorney Will Look Into the Equitable Company's Affairs.

New York, June 22.—District Attorney Jerome of New York county has entered into an investigation of the Equitable Life Assurance Society trouble and telegraphed State Superintendent of Insurance Hendricks asking him to forward official copies of his report. The district attorney would make no statement as to his intentions in the matter.

### Fourth of July Meeting.

Atlanta, June 22.—President Harvie Jordan of the Southern Cotton association has decided that the farmers in all of the cotton-growing counties should meet in their respective communities only July 4, have barbecues, speaking and make the day one of general rejoicing this year on account of the splendid work accomplished by the farmers in reducing the cotton acreage for 1905.

### HORSE FLY SPECIALIST.

Professor Hines of Ohio Reports to Louisiana Crop Pest Commission.

Shreveport, June 22.—Professor A. J. S. Hines, associate professor of entomology of the University of Ohio, located at Columbus, O., has arrived here and reported to Secretary Newell of the Louisiana crop pest commission.

The commission, co-operating with the gulf biologic station, secured the services of Professor Hines in carrying on investigations and experiments with the horse fly which is doing much damage to livestock in the southern parishes of this state, especially along the coast.

Secretary Newell states that Professor Hines is a specialist on the group of insects of which the horse fly is a member.

### UNDER FORECLOSURE.

Property of International Packing Company Has Been Ordered Sold.

Chicago, June 22.—The property of the International Packing company has been ordered sold under foreclosure proceedings to satisfy claims of \$3,877,000. The company was formed a dozen years ago to take over the business of several smaller concerns at the stockyards. It was the original combination in the packing industry. The Illinois Trust and Savings Bank company represented that no interest had been paid on the \$2,500,000 bond issue since 1896 and sought to have the mortgage foreclosed. The minority interest made charges of fraud and sought by injunction to prevent the sale. Stockholders also entered the fight.

### OFFICE IS CLOSED.

Lawyer Paid Taxes For the Present Quarter and Not Back Ones.

Muskogee, June 22.—W. G. Crump, the lawyer who paid his tribal tax for the present quarter and refused to pay back taxes from March, 1902, had his office closed by Indian police by order of the Indian inspector and will enter suit for damages.

The ground upon which Mr. Crump will sue is that, having paid his taxes for the present quarter, he is not violating the law, and that his office can not be legally closed for back taxes, which he assumes is a debt past due and must be collected by process of law.

Mr. Crump has secured the opinion of several of the leading lawyers, who maintain that his claim will hold good in court. The law does not cover the point raised by Mr. Crump and the case will be fought out in the courts.

### MEETS AT PORTLAND.

Fifth Annual Convention of National Good Roads Association.

Portland, Ore., June 22.—The fifth annual convention of the National Good Roads association, the first of the gatherings of national importance to meet in Portland this year, at 2 o'clock Wednesday afternoon began its first session in Festival hall at the Lewis and Clark exposition grounds. Promptly on the hour President Moore of the association formally called the organization to order. This act was hardly accomplished when the proceedings were interrupted by the arrival of D. E. Huss, from New York, who had just reached the Lewis and Clark grounds in an automobile bearing a letter from Melville E. Stone, general manager of the Associated Press, to the president of the Lewis and Clark exposition. Mr. Moore was followed by A. S. Mann of Florida, vice-president of the association. Following Mr. Mann's speech Col. R. W. Richardson, secretary of the association, submitted his annual report.

### Must Be Observed.

Lake Charles, La., June 22.—Cagney & Christian and D. Herbert, liquor dealers, indicted for violation of the Sunday law, pleaded guilty, and were each fined \$250 and costs. The judge warned them that a repetition of the offense would mean a jail sentence for them.

## GREETINGS NUMEROUS

President Given a Warm Welcome in Bay State.

## VISITS TWO COLLEGES

Praises Carroll D. Wright and Also Remembers Rowing Crews by Sending to Each One of Them a Telegram.

Worcester, Mass., June 22.—Steadily falling rain drenched the festal drappings of the city and disappointed the people of Worcester, but detracted not at all from the enthusiastic reception which was given to President Roosevelt Wednesday upon the occasion of his visit to Clark university and Holy Cross college. The president responded to the cordiality of the people by riding through the streets of the city in an open carriage, and much of the time with bare head.

The president delivered addresses both at Holy Cross and Clark, and the former institution conferred upon him the honorary degree of LL. D. At Clark university the president took occasion to pay a tribute to Carroll D. Wright, president of the college, as well as to the late United States Senator George Frisbie Hoar.

At Holy Cross he addressed a large body of people on the athletic field, many of whom stood in the rain, a canvas shelter being erected there, being insufficient to cover the crowd. At the home of Congressman Rockwood Hoar the president had luncheon, and he departed soon afterward for Williams-town.

The president's trip to Worcester was without unusual incident. At Gale's Ferry many of the Yale and Harvard oarsmen were at the station expecting President Roosevelt to appear, but the train went through without slackening speed. Later the president sent telegrams to the captains of the Harvard and Yale crews. The message to the Harvard crew was: "Captain Harvard Crew, Redtop, Conn.: I expected to pass through New London much earlier, or I should have been up to greet you. I wish I could see the race. Good luck to you."

To the Yale crew the following dispatch was sent: "Captain Yale Crew, Gale's Ferry: 'I expected to pass through New London much earlier, or I should have been up to greet you. Hope you will not think an offensive partisan if under these particular circumstances I do not wish you good luck. I would at any other time, but Taft, I am sure, is praying for you.'"

### CLASH AT LODZ.

Eighteen Persons Shot to Death and Over One Hundred Wounded.

Lodz, June 22.—Eighteen persons were killed and 100 wounded Wednesday night by volleys fired by dragoons and Cossacks on a procession of 50,000 workmen that had been organized as a demonstration against the government. The demonstration had been quietly arranged. At 8 o'clock the workmen with thirty red flags marched through the streets shouting "Down with despotism." They gathered at the old market place, where speeches were made by socialists. Up to this point the police had not interfered. At 9 o'clock the procession reformed and was marching on Glowina street when suddenly the Cossacks and Dragoons rushed in the side streets and fired a number of volleys.

### Twenty-Two Slain.

Lodz, June 22.—Twenty-two persons were killed as the result of the firing by dragoons and Cossacks on the procession of workmen who were making a demonstration against the government. Ten of the 100 wounded are dying. Two women were crushed to death in the rush of panic-stricken crowds. Thursday morning some workmen in revenge for the shooting shot and killed a Cossack and two policemen.

### Cassini Will Take No Part.

St. Petersburg, June 22.—The Russian says it is authorized to say that Count Cassini will not participate in negotiations, but will leave the United States immediately on the arrival of Baron Rosen, his successor.

### Was Justifiable.

London, June 22.—A dispatch to the Exchange Telegraph company from St. Petersburg says the committee appointed to investigate the capitulation of Port Arthur finds that the surrender of the fortress was justifiable.

### Nelidoff Appointed.

St. Petersburg, June 22.—M. Nelidoff, Russian ambassador to France, has been definitely appointed one of the Russian peace plenipotentiaries.

### Boycott Movement.

Singapore, June 22.—The Cantonese merchants here have initiated a movement in support of their compatriots to boycott all American products. Pending the result of the appeal against the Chinese exclusion act the Chinese apparently are holding aloof from the boycott.

### Reprieve of One Week.

Springfield, Ill., June 22.—Johann Hoch, the convicted wife murderer and multi-bigamist, will be reprieved for one week and possibly longer. It was announced authoritatively that the governor intended to take such action in order to permit carrying the case before the supreme court.

### Petition Denied.

Brattleboro, Vt., June 22.—The habeas corpus petition of Mrs. Mary M. Rogers, under sentence of death for the murder of her husband, was denied by Judge Wheeler, sitting as justice of the United States circuit court.
